**PETITION FOR REVIEW OF PATENT TERM ADJUSTMENT UNDER
37 C.F.R. §§§ 1.705 AND 1.703(a)(1)**

Sir:

This is a Petition for Review of Patent Term Adjustment under 37 C.F.R. §§§ 1.705, and 1.703(a)(1) to correct the Patent Term Adjustment for the above-referenced patent application. It is respectfully submitted that Patent Term Adjustment of one hundred seventy three (173) days accorded by the Patent Office to the above-referenced application is not correct.

Applicants request appropriate patent term adjustment, pursuant to 37 C.F.R. § 1.703(a)(1), corresponding to the entire period beginning on October 26, 2004 and ending on July 14, 2005, reduced by thirty one (31) days attributed to Applicants' delay.

Attached to this Petition as **Appendix A** is a copy of the Patent Term Adjustment History obtained from PAIR.

STATEMENT OF FACTS

1. The Original Official Filing Receipt mailed on November 20, 2003 and the Notice to

Petition to Correct Patent Term Extension
U.S.S.N. 10/649,228

File Missing Parts mailed on November 20, 2003 indicated the correct filing date of August 26, 2003. Also, the correct filing date of August 26, 2003 was indicated on the return receipt postcard (Unofficial Filing Receipt) received on September 8, 2003.

2. The Updated Official Filing Receipt mailed on January 16, 2004 indicated an incorrect filing date of October 22, 2003. A Request for Correction of the Official Filing Receipt was filed on March 16, 2004 and this error was addressed in the Amendment file on November 14, 2005.

3. Upon an inspection of the Patent Term Adjustment History on PAIR (see Appendix A), the Patent Office calculated the period of adjustment of patent term due to examination delay based on the incorrect filing date of October 22, 2003.

4. The Patent Term Adjustment History indicates that the replacement drawings filed on October 22, 2003 changed the filing date. However, the drawings filed on October 22, 2003 were merely formal drawings of the original drawings submitted on the filing date of August 26, 2003. The formal drawings submitted on October 22, 2003 contain no new matter. Therefore, the submission of the formal drawings on October 22, 2003 has no effect on the filing date of August 26, 2003.

5. Accordingly, Applicants submit that the patent term extension of 173 days is incorrect because appropriate Patent Term Adjustment should include the 57 days that were not included due to the incorrect filing date.

RELIEF REQUESTED

Applicants request the patent term extension include all days beginning on October 26,

Petition to Correct Patent Term Extension

2004 and ending on July 14, 2005, reduced by thirty one (31) days attributed to Applicants' delay and be corrected from 173 to 230 days.

Applicants submit that the instant Petition is being filed promptly with payment of the issue fee, on October 12, 2006. Accordingly, the instant Petition is considered timely filed.

The Director is hereby authorized to charge or credit any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 04-1105.

Respectfully submitted,

Date: October 12, 2006
